UNBOUNDED SOLUTIONS EARNS THE NUMBER 8 SPOT ON THE CRN FAST GROWTH 100

USI ranked amongst the fastest growing solution providers in the U.S.

Atlanta, July 9, 2007: Unbounded Solutions, Inc. (USI), a leading enterprise content management solutions provider, today announced that the company has been honored by the CMP Channel's CRN as a 2007 Fast Growth 100 Solution Provider. A reception honoring all those awarded a place on the 2007 Fast Growth 100 list will take place September 18 in New York City.

"We are continuing to experience fantastic growth through the first half of the 2007 calendar year and I expect we'll be a fixture on the CRN list for years to come", said Michael Knight, Vice President of Sales and Marketing. "We're seeing great demand for our services in the U.S., but our strongest growth may be coming from outside of North America."

CRN's Fast Growth 100 award winners are recognized Solution Providers selected for their ability to drive industry-leading sales volumes and use innovative methods to grow their business through services-oriented technology offerings. Developed by CRN's editorial staff, the Fast Growth 100 list provides detailed insights into which solution provider models and technologies are proving to be the most lucrative.

"Finishing in the top 10 of the CRN Fast Growth 100 list is a great accomplishment for our company." said Aman Vohra, Chief Operating Officer of Unbounded Solutions. "I expect over the second half of 2007 we will exceed our first half results. Business is certainly not slowing down."

"We really need to thank our customers and partners for helping fuel our growth. We are very fortunate to work with some great organizations", added Vik Thadani, President and CEO of Unbounded Solutions. "Looking ahead we have some very exciting strategic initiatives that we will be announcing, including a new line of business we launched in support of MOSS (Microsoft Office SharePoint Services) during the first quarter of this year.

"This year's CRN Fast Growth 100 list is a testament to the hard work and dedication of some of the channel's leading Solution Providers. We commend each of the 2007 CRN Fast Growth 100 for their remarkable performance, and for the example they set for everyone in the industry," said Robert C. Demarzo, vice president and editorial director, CMP Channel.
