PRESS RELEASE

UNBOUNDED SOLUTIONS NAMED NUMBER 81 ON 2007 INC 500 LIST

Record-setting year continues for one of the U.S.' fastest growing IT companies

Atlanta, August 22, 2007: **Unbounded Solutions, Inc.** (USI), a leading enterprise content management solutions provider has been recognized by Inc. Magazine as one of the 500 fastest growing private companies in the United States. USI ranked 81 in the 26th annual Inc. 500 ranking and was ranked as the 8th fastest growing IT services company in the U.S. The Inc. 500 issue will be available August 23 and posted online August 27.

"It is an honor to be named to the Inc. 500 list and a testament to the hard work of all our employees," said Vik Thadani, President and CEO of USI. "Since the company was founded in 2000 we've been focused on providing outstanding customer service and our success in this area has brought the extreme revenue growth that got us onto the Inc. 500. We plan on continuing this trend and making the list again in 2008."

The Inc. 500 ranks privately held companies according to sales growth over the past five years. To be eligible for the 2007 Inc. 500 list, companies had to be U.S.-based, privately held, and not subsidiaries or divisions of other companies. They must have been founded and generating revenue by the first week of 2003 through the end of the 2006 calendar year and therefore able to show four full calendar years of sales. In past years, this distinguished list has included world-class technology companies such as Microsoft, Oracle and Intuit before they became industry powerhouses.

"We're excited to be included on such a prestigious list as the Inc 500," states Michael Knight, Vice President of Business Development of USI. "More and more companies are investing in Enterprise Content Management and Application Integration solutions for help in solving their business problems. USI's growth is the result of our ability to help these business leaders solve their business problems quickly and efficiently."

In April Unbounded Solutions was named as the 24th fastest growing company in Atlanta by the Atlanta Business Chronicle's Pacesetter Awards and in July USI was named as the 8th fastest growing channel reseller by Channel Reseller News Magazine.

About the Company
