PRESS RELEASE

UNBOUNDED SOLUTIONS SUCCESSFULLY ENTERS EUROPEAN MARKET WITH THEIR NEW SHAREPOINT PRINTING SOLUTION ...

October 1, 2008. Atlanta, GA: Since it's launching in 2007, Unbounded Printing Services for SharePoint has been widely acclaimed in the European market. Many European corporations, government agencies and universities have now become some of the prestigious customers for this SharePoint software. While its popularity among many US companies has grown, the popularity of this solution in Europe has been a pleasant surprise to the Unbounded team.

"The European Market for this product has been as strong as the US market in the last quarter," said Bharat Lalwani, Director of Product Development at Unbounded. "It has been exciting to see the response we are getting from that market while our primary marketing focus up to this point have targeted the US."

With over 100 software clients and a growing product offering for Microsoft SharePoint, Unbounded Solutions looks to increase their share in the European market and raise their product brand recognition outside of the US to the high level of the IT services division of Unbounded Solutions, which specializes in SharePoint, Documentum, and TIBCO consulting.
