PRESS RELEASE

UNBOUNDED SOLUTIONS NAMED A FINALIST FOR THE ATLANTA BUSINESS CHRONICLE PACESETTER AWARD

USI ranked amongst the fastest growing companies in Atlanta

Atlanta, March 22, 2007: **Unbounded Solutions, Inc.** (USI), a leading enterprise content management solutions provider, today announced that it has been selected as a finalist for the Atlanta Business Chronicle Pacesetter Award. Unbounded Solutions joins an elite group of fast-growing, successful companies in the Atlanta area.

The annual Pacesetter list is compiled by the editors of the Atlanta Business Chronicle. To qualify for the award the companies must be headquartered in Atlanta, must have 2006 revenue between \$1 million and \$300 million, and must have two years of growth in sales of more than 50 percent. Companies are ranked by a growth index formula, which is used to level the playing fields among companies of different sizes. Factors in the formula include the percent change and absolute change in revenue and number of employees.

"We are excited to be selected as a finalist for the 2007 Pacesetter Awards. We've experienced tremendous growth over the last two years and it's due to the outstanding work done by our consultants on behalf of our clients and partners," said Michael Knight, Vice President of Unbounded Solutions.

"With our current business model we expect that we should continue to grow at a rate that is greater than 100% this year as well," added Vik Thadani, President and CEO of Unbounded Solutions. "With our recently announced premiere partnership with EMC as well as other announcements that we expect to make later this year we are poised to continue to be one of the premiere solutions providers in the Southeast." In early March Unbounded Solutions announced that it had joined the Select Services Team (SST) program driven by EMC Corporation, the world leader in information infrastructure solutions. The SST program is an elite group of partners worldwide that work closely with EMC Software Consulting offering a heightened level of enterprise content management expertise to end users.
