# PRESS RELEASE

## UNBOUNDED SOLUTIONS TO BE INCLUDED IN THE CRN FAST GROWTH 100

*USI ranked amongst the fastest growing solution providers in the U.S.*

**Atlanta, June 7, 2007: Unbounded Solutions, Inc. (USI)**, a leading enterprise content management solutions provider, today announced that it has been selected as a finalist for the Channel Reseller News Magazine Fast Growth 100 list for 2007. Unbounded Solutions joins an elite group of fast-growing, successful solutions providers.

The annual CRN Fast Growth 100 list is compiled by the editors of Channel Reseller News Magazine. To qualify for the award the companies must be a solution provider, an organization that sells, resells, recommends, designs, or implements information technology products and/or services to business end users. Companies are ranked solely on the basis of the growth of net sales revenue from 2004 to 2006, in percentage terms. The final list of the top solution providers will be announced by Channel Reseller News Magazine later in the year.

"Qualifying for the CRN Fast Growth 100 list is further validation of the great success we've had over the past couple of years.", said Aman Vohra, Chief Operating Officer of Unbounded Solutions.

"We really need to thank our customers and partners for helping fuel our growth. We are very fortunate to work with some great organizations", added Vik Thadani, President and CEO of Unbounded Solutions. "Looking ahead we have some very exciting strategic initiatives that we will be announcing, including a new line of business we launched in support of MOSS (Microsoft Office SharePoint Services) during the first quarter of this year.

"Our sales revenues continue to grow at an increasing rate and I expect we'll be a fixture on the CRN list for years to come", said Michael Knight, Vice President of Sales and Marketing. "Our sales and delivery processes are proven and we're seeing great demand for our services outside of North America." In April Unbounded Solutions was named as the 24<sup>th</sup> fastest growing company in Atlanta and in February the company announced that it was named an EMC® Software Select Services Team member.
