

eLocker Solution

EDUCATIONAL PORTAL FOR K-12 AND UNIVERSITIES

Unbounded Solutions offers a highly customizable SharePoint framework, eLocker, which allows students, teachers, and even parents to have an ongoing communication to empower students to succeed in their endeavors. eLocker is a student-teacher portal that helps educators use technology to stay organized and monitor the progress of students while the students can keep up with assignments and upcoming due dates and submit work to their teachers.

eLocker is a secure, user-friendly environment that is custom-built to best suit the needs of the school or district. This framework helps students and teachers work together to develop the literary and technological skills in accordance to standardized testing, government programs, and the basic demands of today's society.

Unbounded Solution's eLocker serves several functions that are key to a successful technology solution for an education system. Features for the school or district and the teacher include:

The eLocker features for students include:

- My Backpack (Figure 1-1)
- Task Assignment
- Work Submission (Figure 1-2)
- Document Storage
- Schedule View

eLocker was first implemented as a completely custom portal for **Cherokee County District** and because of its success there, Unbounded Solutions developed it as a new solution in our series of SharePoint products and Services.
